Amendment Delayed in Federal Court for Charter Violations

#### STATEMENT OF CLAIM

<http://johnturmel.com/delasc.docx> is the Statement of Claim if you want to type in your information before printing.

<http://johnturmel.com/delasc.pdf> is the Statement of Claim if you want to fill it out by pen.

The processing for some ACMPR grow permit AMENDMENTS have taken up to 13 weeks. Under the MMAR, well under 4 weeks.

If you sent in your renewal and have waited many weeks and want to bump your application to the top of their attention, you can file a \$2 Statement of Claim for a declaration that it's taking too long.

You will not have to serve the Crown, the Court Office does that. Once completed and you have made a signed PDF, you can:

- personally bring 4 copies to the Court, get your Gold Star
- mail 3 copies to  
Federal Court,  
Ottawa K1A 0H9
- do an online filing.

If you can amend the PDF with your signature, great. If not, use the Word file. Macs too.

- Sign on blank page. Scan. Select your signature and save it to .jpg.
- Add your personal info to the delasc.docx file and insert your signature .jpg. Save as delasc.pdf.
- Go to Federal Court web site and follow instructions.

This is your big chance to hit Health Canada where it hurts for all the dirty deeds they've done over the years. Using only 4 staff to ensure a doubling of processing time shows a malice that could pay off for the victims.

#### MOTION FOR INTERIM RELIEF FROM A JUDGE

It often gets Health Canada to hop-to-it when the Ministry of Justice calls to say you need to be done so they can avoid trying to explain to a judge why it's taking so long.

You can wait to see filing the Statement makes them hop to it but if it's already long, take the time to file the motion to see a judge. That gets their attention.

If you ever have trouble with a clerk about any irregularity they find, point to the Magic Words in the Notice that says:

AND FOR ANY ORDER abridging the time for service or amending any error or omission which this Honourable Court may allow.

This makes any irregularity something the judge may allow, not the clerk. That's why we've asked the judge officially, so we don't have to ask the clerk. Lawyers can't ask to fix any screw-ups like non-lawyers can.

If you've already waited too long, file the motion to see a judge. A call from Justice gets them hopping. Usually, the courthouse is very near to the AG's office so get your affidavit sworn at the courthouse, go make copies, go serve the Crown, back to Registry to file.
