Letter to the Federal Court Administrator

Re: T-_____ Motion Date

Dear Sir/Lady:

I seek an urgent date for a hearing by conference call on grounds the MMAR/MMPR exemption regimes impose genocidal violation of my S.7 Charter Right to Life. My argument should take less than one hour.

I need an exemption for Personal Medical Use from the 9-times under-medication the court below is forcing me to live with, or not. I have sufficient evidence of medical need.

I hope my urgent plea may be expeditiously accommodated.

Yours truly,
